Hello!
This resume showcases my experience and enthusiasm towards the exciting field of data science. I will improve your organization with my ability to collaborate efficiently and generate novel insights.

EDUCATION

Master's of Data Science, June 2023
University of British Columbia, Kelowna, BC

Bachelor of Science, 2022   GPA: 4.00
The King's University, Edmonton, AB
Biology Major, Philosophy Minor

PROJECTS   (clickable)

UBCO Capstone   2023
I collaborated with Statistics Canada to create a new set of granular measures that assess local access to a variety of neighbourhood amenities.

Kelowna Weather-Crash   2023
I performed a unique, locally relevant statistical analysis by combining two open-source datasets.

Video Games Dashboard   2023
I created an interactive dashboard that highlights trends in retro video games (ggplot2 and R Dash).
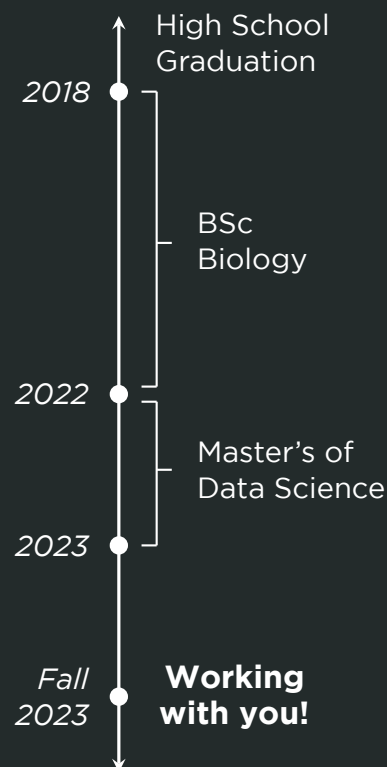

BIOL497 Senior Thesis   2022
I used province-wide data to determine the characteristics that slow down a patient's emergency department visit. This work was published in the Western Journal of Emergency Medicine.

VOLUNTEERING

The King's Ambassadors   2018 - 2022
I volunteered to represent the university and help with school-related events.
